Assignment Name: Mastery

Error Log

What error message did you encounter (if any)?

The message was Invalid escape sequence (valid ones are \b \t \n \f \r \" \' \\ )

What unexpected behavior did your program exhibit?

Gave a red line under the /

What caused the issue? (e.g., syntax error, logic error, incorrect function usage, etc.)

Incorrect Variable usage or logic error

Include a screenshot of specific lines of code.

```
public void addRoof() {
    System.out.println("  /\  ");
```

How did you fix the issue?

I played around with the roof and turned out i needed to add a second \ in the code

Provide the corrected code or solution using a screenshot.
